## *The unique advantages of Orally Disintegrating Tablets:*

- » Fast onset of action and bioavailability via blood vessels under the tongue, rather than through the digestive tract
- » Quick dissolution provides dispersion before being swallowed allowing fast metabolism
- » Disintegrates in the mouth within seconds
- » Pleasant taste and mouth feel for improved compliance
- » Allows some of the active ingredient to be absorbed through the oral mucosa bypassing the hepatic system and first-pass metabolism
- » Individually blister packaged for convenient transport
- » No water required
